Timi’s Video Downloader

Help Guide

Start Window

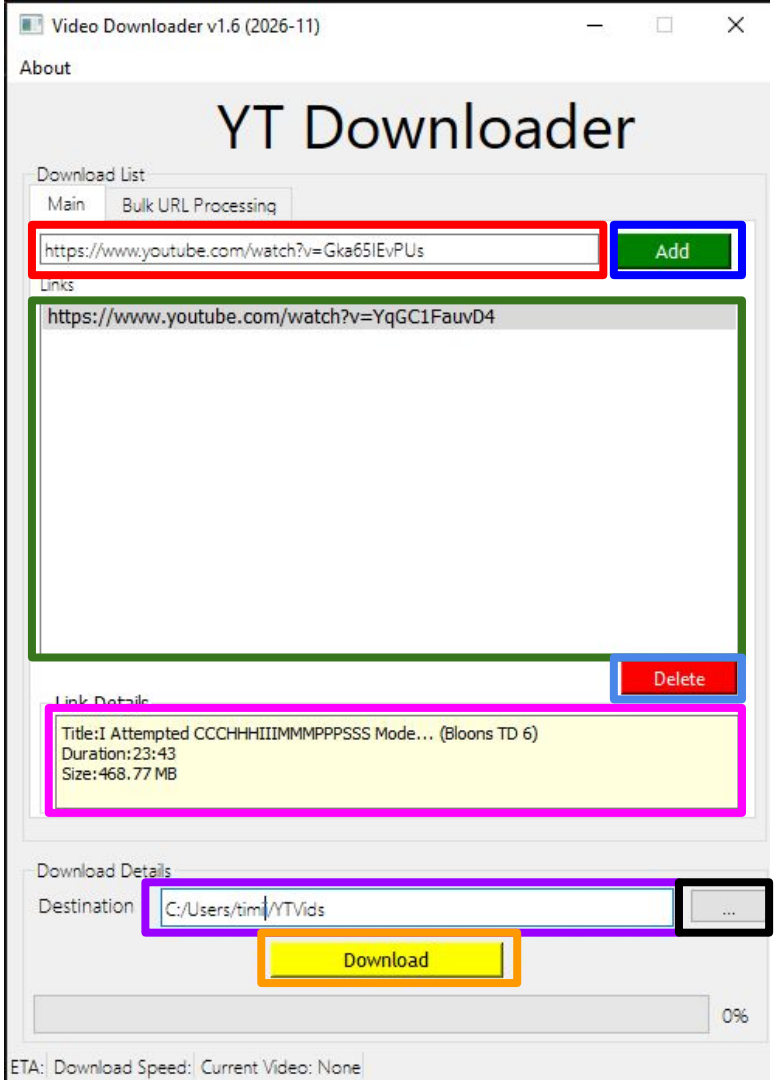

Here is the starting window of the app.

Here you will see all you main tools

Tools(Color coded)

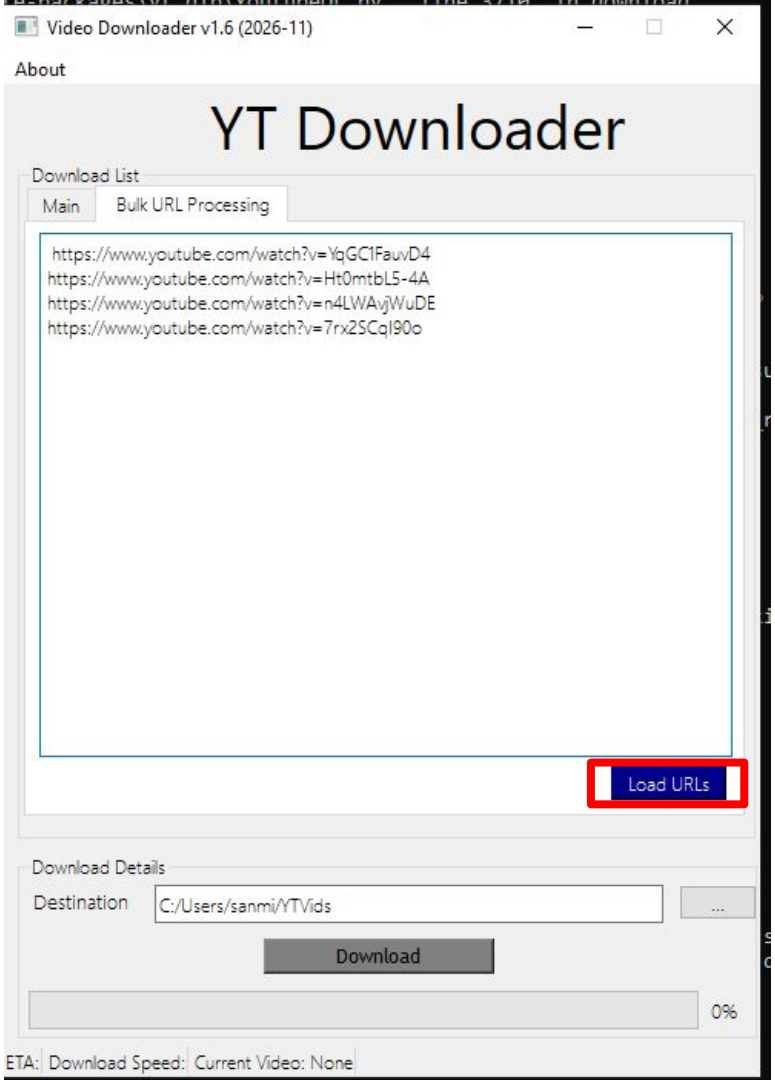

- Youtube Link to Add
- The Add Button
- Your list of links
- Button for deleting a link
- Click on a link and its title, duration and file Size will be here
- Download button
- Folder to download videos to
- Button to choose which folder to download to

Bulk URL Loading

You can load multiple URLs.
Just paste them here with 1 link every line

And press load URLs to add them all

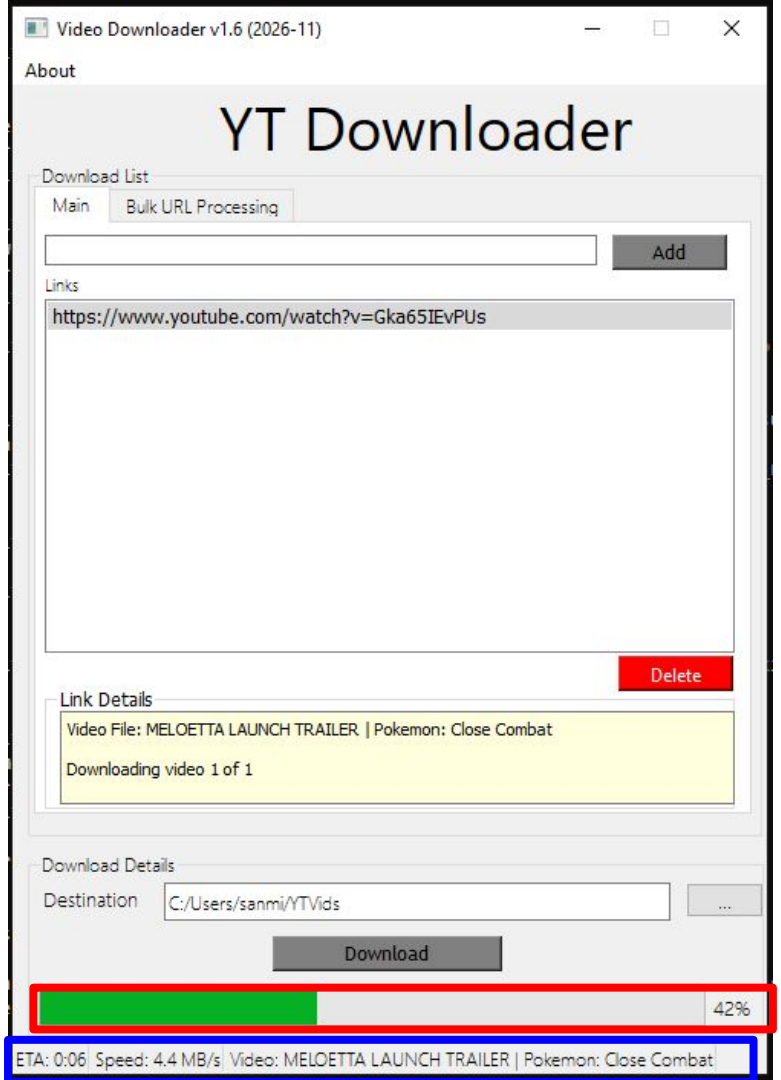

While Downloading

While downloading, the download button is Disabled.

You can see how far it is downloading

The estimated time left, the download speed and name of the currently downloading video

That’s all!

Please enjoy Timi’s Youtube Downloader.
